Frequently Asked Questions

What is an Errand Service?

An errand service takes care of the details in your life that you are either too busy to take care of yourself or that you are just unable to do. We do the actual running around for you, whether it be going to the grocery store and shopping for you or standing in line to pay for that speeding ticket you received because you were picking up a gift for a party you have to attend.

Can I afford this type of service?

We always ask potential clients just how much their free time is actually worth to them. Most of them feel that the time they can spend with family, friends or doing other things that are important are priceless. We can put together a package that suits both your needs and your budget.

Who can use this type of service?

Anyone from new moms to working parents to the busy business traveler to the elderly and everyone in between. All businesses running short on employees and time with deadlines. If you can't get your to-do list done, then you definitely need this service!

What if I need you last minute?

That is ok. Emergencies do come up from time to time. Although we prefer 24 hours notice, we will do our best to make sure you are taken care of. After all, we are here to help you make your day positively heavenly!
